EAA Chapter 100 is a nonprofit association involved in the promotion of aviation through adult and youth education, hands-on training, building and maintenance of experimental aircraft, and through community awareness programs.

This publication by EAA Chapter 100, Inc. is for the use, education and occasional enjoyment of its members and others. No claim is made for the accuracy or applicability of information herein. Editorial content is the opinion of the contributor not necessarily the position of either EAA Chapter 100 or the Experimental Aircraft Association.

Reader submissions and comments are strongly encouraged.

EAA Chapter 100 Upcoming Events:

In the future, all local GA events including EAA Chapter 100 events will only be posted at <http://RSTGA.com> under the "Events" icon. I need to consolidate these websites because I need more time flying and less time computing.

IMC Club meeting will be at the Rochester airport's CAP Meeting Room. (Just below the Great Planes Aviation office. Start at 1900L (2nd Wednesday of each month).

Planned IMC Club discussion topics:

- IMC
- Club video – Missed on second approach – now what?
- Loading an RV instrument approach
- Audio from "Real ATC"
- Question of the month – You are cleared for takeoff and to maintain runway heading. What heading is that?
- Better ways to practice instrument approaches.
- IFR gentlemen's quiz

You can make things easier for me by [registering](#) before the meeting.

More information about "IMC Club" is at <http://eaa100.44rf.com/imcclub/imcclub.htm>.

Cancellations will be posted on the EAA100.org website.

Our April 13th EAA Chapter 100 Hangar Flying Event will be at the Dodge Center Airport **Administration** building. Gordy Westphal will be hosting this meeting. The program will consist of HQ EAA video tape and lots of hangar flying.

Young Eagles Rally and General Aviation Picnic is May 12th

As always, we need all the pilots we can get and twice as many ground crew as pilots. If you plan to fly Young Eagles and did not fly Young Eagles in 2016 or 2017, you may need to be "Youth Protection certified. These certifications expire after 3 years. More info below and to follow.

June 17, 2018

Father's Day Pancake Breakfast is June 17th, 7:00-noon.
[Click for this year's printable flyer](#) and post in all the good places. I'll try to get them to: FBL, OWA, ACQ, MKT, AEL, AUM, FKA and 55Y. (Let me know if you want to ride along). I'll also place ads in Social Flight.com, Fly-ins.com, and Tom will handle: EAA, MNDOT, IADOT, and MN Flyer. We will be serving: "Sturdiwheat" pancakes, scrambled eggs, ham, coffee, milk & orange juice. \$7 for adults, \$5 for kids.

April 23, 2018

AOPA Safety Seminar --, 1900-2100L, Collision Course
Sponsored by the Dodge Center Airport, AOPA, and EAA Chapter 100.
The "big sky" can get awfully small when multiple aircraft are in the vicinity. Even with ATC support and traffic displays, near misses happen too frequently and midair collisions still happen. Advanced technologies which ensure more precise course and altitude tracking and more aircraft converging on fewer airports all work to shrink the "big sky".

- ASI's new seminar looks at the problem from a risk management perspective. We identify high-risk scenarios and locations, then lay out strategies for avoiding them. From congested corridors to frenetic fly-ins, we talk about:
- Human eye limitations that impact the "see and avoid" philosophy
- Proven techniques on enhancing visual scan effectiveness
- Maximizing your visibility to other aircraft
- The promise and peril of cockpit technology
- "Danger zones" you may not be aware of

April 27-28

5th Annual
Great Minnesota Aviation Gathering (GMAG)
Friday & Saturday, April 27–28, 2018 Anoka County-Blaine Airport (KANE), Blaine, MN
See <http://www.mnpilots.org/> for details

Click the flyer picture for a printable flyer then post it at your airport.

ART HOWARD will be receiving the Wright Brothers Master Pilot Award. Be there Saturday early afternoon

Comply with the Young Eagles Youth Protection Program by:

- Completing both the online training and basic background check as a part of EAA's Youth Protection Policy (<http://EAA.org/YouthProtection>). Only takes about 15 minutes to apply but 2-3 weeks for approval. Use 000-00-0000 for your SSN on the application.
- Being a current EAA member and hold an appropriate airman's certificate (sport pilot or greater)
- Possessing a current medical certificate (if applicable)
- Being current to carry passengers in the aircraft you plan to use
- Having a current flight review
- Completing the Young Eagles registration form before the flight, including parent or legal guardian signature, and pilot signature
- Conducting flights in an aircraft that is in airworthy condition
- Having aircraft passenger liability insurance for the aircraft used (owned, rented, or borrowed)
- Adhering to all applicable Federal Air Rules (FARs)
- Insurance Coverage: As an EAA member participating in the Young Eagles program, you are eligible for an additional \$1 million of passenger liability insurance coverage, if you carry a minimum of \$100,000 per seat liability insurance. This coverage is automatically in place when flying Young Eagles; there are no additional forms to complete. In addition to these requirements, you must also meet the current Federal Air rules (FARs) for the pilot certificate you hold.

We will try to have labels for each pilot so you don't have to fill out applications and log books with their information. But, bring a pen for your signature. If I made labels for you in the past, I probably still have your information. If not, I'll need:

- Full name
- Email Address
- Mobile phone number for talk and text
- Youth protection card date (if you don't get this until late, send the other information early)
- National EAA number
- Indicate which EAA chapter you are associated with and if you are a member of the SEMFC

YE Questions?

- Email: "YoungEagles@eaa100.org". This goes to Dave Nelson and Dick Fechter
 - Dave Nelson at 507-358-1692 (voice or text)
 - Dick Fechter at 507-272-5099. (voice or text)

Chapter Hangar Flying Event. The March 9, 2018 meeting was brought to order at 1900L by President Jim Owens. It was hosted by Jim and Kelly Owens at their new hangar #9. A wonderful dinner including: meat balls, cheese / crackers, shrimp dip, veggies and brownies! Jim did a very nice video presentation of his Sonex project. Between our Chapter members and an equal number of Jim's RC club members, there were just shy of 30 present !

The meeting was concluded by 8:00.

Respectfully submitted:

Tom Hall

Secretary / Treasurer

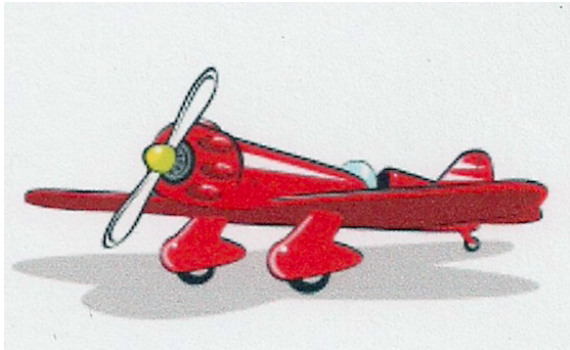

New Rochester Area General Aviation Website. This website – <http://RSTGA.com> – will attempt to keep area pilots informed on local general aviation happenings. Please help me keep it up-to-date.
